\* Course evaluation questions at TTU changed in 2024.

Since 2024, the columns *Instructor effectiveness* and *Valuable learning experience* correspond to the prompts "Overall, the instructor's teaching methods helped me learn the course content" and "Overall, this course helped me learn required concepts or skills" respectively. Prior to 2024, these columns corresponded to the prompts "Overall this instructor was effective" and "Overall this course was a valuable learning experience."

All scores are out of a maximum of 5. Courses listed as "hyflex" were evaluated separately per modality; the scores here averages of the face to face and online sections, weighted by number of students in each section.
